

# Vocabulary Word Presentations

50 pts.

## Directions:

Pick any SCHOOL APPROPRIATE word that you have NEVER HEARD before. Keep in mind I have had lots of you in ELA class before, I know if you are picking an easy word or not, this is your time to think outside the box and teach the class something new.

Everyone will have a day of the week that they will need to present their word to the class, and then it will go up on the word wall. Your choice to put it on a ½ sheet or full sheet of paper, but make it colorful.

## MUST HAVE the follow –

1. A unique word that is visible from across the room
2. The definition
3. The part of speech
4. The word used CORRECTLY in a sentence
5. A picture
6. Pronunciation
7. Synonym – Words that have a similar meaning
8. Antonym - Words that have an opposite meaning

\*\*\*As the word wall grows, you will receive extra credit on your assignments for incorporating the words on the word wall, in your writing. The main goal is to increase everyone's vocabulary and usage.\*\*\*
